Polar Shades' Retractable Interior Shades are available in manual or motorized options. Our interior shades can be mounted on virtually every window around your home or office to address sun glare, damaging UV rays and more. Our extensive line of shade solutions offers multiple benefits including comfortable climate control of your living space and protection from sun damage for your furniture and rugs, all while preserving your view.

- ◆ Spanning widths up to 24' with a single panel or widths up to 40' with coupled shade systems.
- ◆ Optional valance treatments to conceal the roller tube include our standard L fascia, curved cassette with fabric insert, fabric valance, and head pockets with closure plates.
- ◆ Designer fabric selection for any architectural or performance requirement including a wide variety of textures, colors and opacities ranging from 0% to 100%.

*L Fascia & Curved Cassettes can be fabric wrapped.

Upgrade your indoor living space with Retractable Interior Shades from Polar Shades. We offer the best solutions in the industry for protecting your windows and valuables and providing UV protection without compromising your view!
